PRESIDENT'S REPORT

Hi All

Are you all sick of the cold weather, I know the first lady is or was, apparently she now has her own internal combustion heater which sees the heating diverted to every room except the one she is in.

I hope she recovers soon as it is B....Y cold in the Valley.

Pete's run to the Peninsula was good and made even better when I was kicked out of the Ranger and had to ride with Gary in the C8, did you know that the acceleration is nearly as good as the C3, well it wasn't quite like that, there isn't finger prints in the dash of the C8 because I couldn't raise my arms, but there is now an imprint of my head in the passenger seat, it does go! I now understand why Gary has a smile on his face.

To all the members who haven't a photo of their car in "members cars" on our website it would be good if you could forward one to Peter our Webmaster and if you have a story to go with it we can include that as well. For those that don't know some of the photos have a story that comes up when you click on the photo. The Presidents run on Sunday August 6th only has 7 places left so if you want to attend please let me know.

The Corvette Club of Canberra is hosting a "Corvette get together" at Easter 2024 for those wishing to attend see details in this Newsletter.

For any members that are on Conditional Registration and use their allocated 90 days but still want to use their car you can put your car on normal rego but you MUST return your logbook to the Conditional registrar.

Not much more to say except stay warm and
Happy Vetting

Clubs now are only required to submit a statutory declaration confirming that they issue logbooks to club members that comply with the conditional registration scheme, for the year ending 30th June. The statutory declaration is to be submitted prior to 31st July. I have complied with the reporting requirement and submitted the statutory declaration on behalf of the Corvette club.

General Business:

that Entertainment books are still available.

Debbie Johns advised

Shirelee Mourdoukoutas is looking to gauge interest from

members of the club for female orientated get togethers. The first suggestion raised was High Tea.

Some options considered so far are:

- Sky City Sol Rooftop
- May Flower Restaurant Bar
- Madam Hanoi Adelaide

She is looking into options and more information will be available shortly.

Angelo Dimasi would like to arrange a date for the Holden show in 2024. Rob McConnell suggested he should select a date & liaise with Sean Hayter.

Rob McConnell mentioned that Marina would like to

arrange for a white C4 to provide transport for her sister's wedding on 30/9 @ 3:30 pm from Para Hills to Glen Ewan Upper Hermitage. If anyone can help please contact Rob 0408 820 819.

Club Cruising

In this gripping episode, we will look at the following points of club cruises.

- The club has seen an increase in club members, and not surprisingly an increase in how many people attend a club cruise. Our club is very active and club outings form a big part of what we do.
- The meeting point access in, parking spaces available and access out needs to be able to support 25 - 30 cars.
- Maintain the speed limit throughout the run - slower cars regroup at catch up spot.
- Include a planned catch up stop in a quiet, low speed limit if required.

Keep moving - In the event of a car breakdown - one car to stop with them to assist, not the whole group. When I first joined the club, about 10 to 15 cars was a typical roll up. Now it's not unusual to have 25 or 30 cars on a run.

As an active club that takes pride in our outings, we need to pay attention to a couple of things as numbers increase.

For anyone organizing a club run, first things first – the meeting point. When we had 10 or so cars arriving we could meet up just about anywhere. Now we need to take into account access in, parking spaces available, and access out. A lot of take away joints have reduced parking spaces to allow 2 or 3 lanes of coffee drinkers, soccer mums and screaming kids to get their Sunday fix. Always scope out a prospective meeting area (by visiting it at the meeting time prior to the run) to allow for those things.

Next consideration is hitting the road, and this applies to everyone on the run. Getting 10 cars moving is fairly easy, getting 30 cars moving not so easy, it can be like herding cats. When the Corvette Caravan gets moving, then it needs to get moving. Try and be up to the speed limit (or close to) to stop the Corvette Caravan becoming a Corvette Chicane. Another change in the modern world is Maps and GPS, everyone's mobile phone will tell you how to get to the destination. Sunday mornings aren't as quiet as they used to be so we don't need 20 cars travelling well below the speed limit waiting for the last 5 or so cars to catch up – catch up they eventually will.

A catch up stop in a quiet, low speed limit, plenty of room area can work if its already been planned, 20 or 30 Corvettes suddenly stopping or slowing in a 100/110 kph zone is a recipe for disaster. If a car breaks down then 1 other car stopping with them is appropriate, not the whole group – keep moving. Tail end Charlies (usually in their Daily Driver) are normally tasked with this duty, particularly if the Corvette occupants end up needing to be DD occupants.

Recent attendees at the Ballarat Nationals cruise with 120 cars (including a planned catch up stop) showed that a well-planned and thought out cruise can go flawlessly taking into account the above points.

THIS IS NOT A NATIONALS

Hi Corvette Club Presidents,

We have started putting the arrangements in place for the proposed "Vettes Get Together" in Canberra, at Easter next year.

We have arranged a special accommodation deal at the Pavilion on Northbourne.

The hotel has already set up the rate code, "**VETTE**", for the event and it is ready, both for phone reservations or through their website, www.pavilioncanberra.com.au.

Please note that the rate given to us for an Atrium Hotel Room (image attached) is \$174 per night, which is below their Prepaid Advance Saver rate on their website.

The hotel will be offering the Vette guests who book, a flexible cancellation policy which gives them the flexibility to amend their reservation up to 24 hours before their arrival date.

All discounted rates will be available to the Vette guests up until the 29th of February, subject to availability, and the preferred form of booking would be over the hotel website.

Can I ask you to pass this information on to your members and for those members who plan to attend, can we have their confirmations by 29 February as well (email to lyndonandmichelle@hotmail.com) so we can arrange appropriate venues.

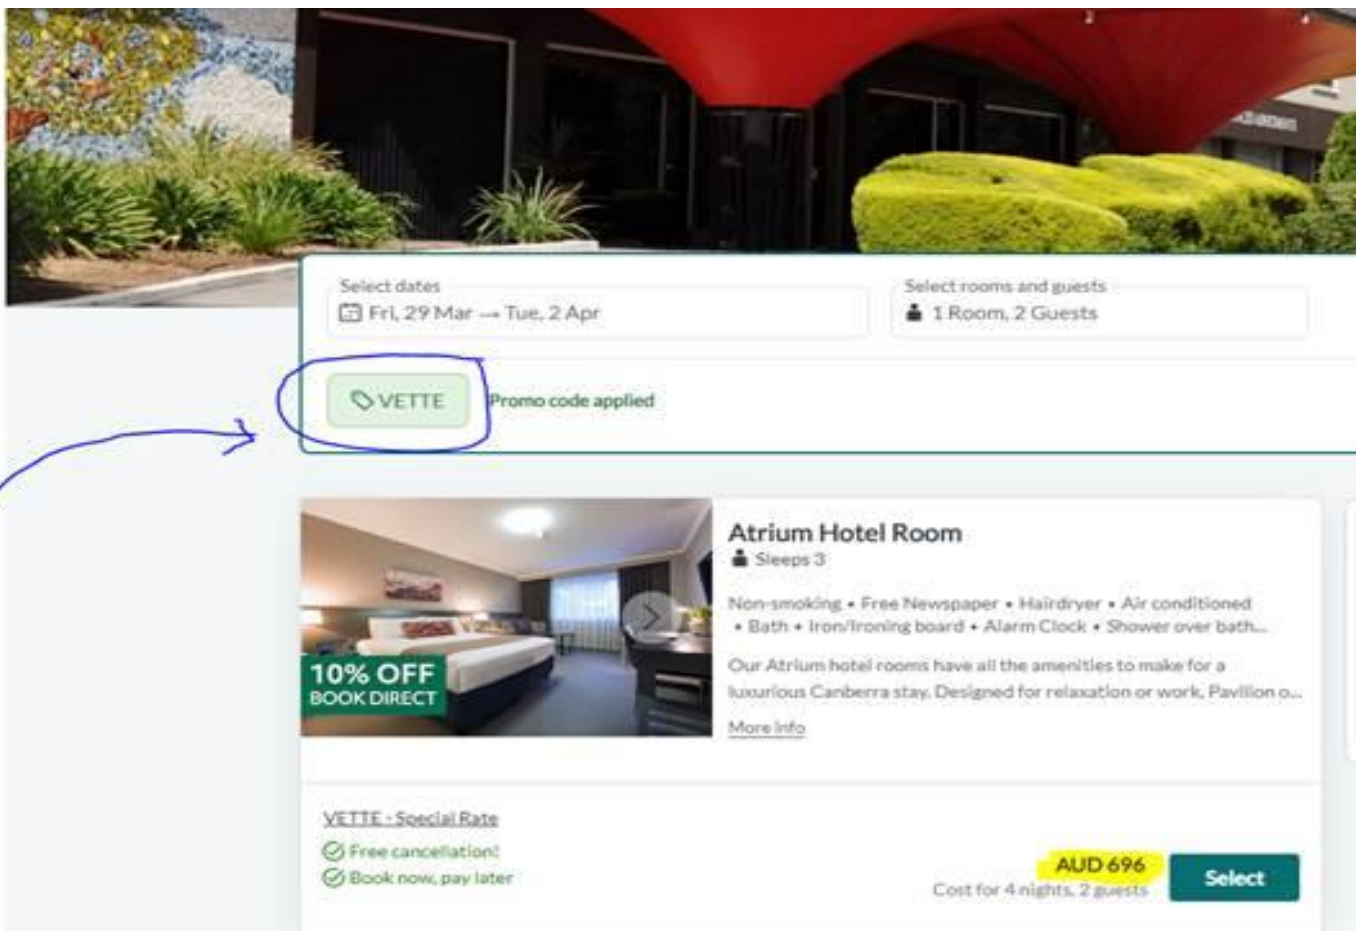

We in Canberra are very much looking forward to hosting the members from the other Clubs at this Vette Get Together.

Regards

Terry Ruse

Club President

The screenshot shows a hotel booking interface. At the top, there's a search bar with "Select dates" set to "Fri, 29 Mar → Tue, 2 Apr" and "Select rooms and guests" set to "1 Room, 2 Guests". Below this, a green button labeled "VETTE" is circled in blue, with the text "Promo code applied" next to it. A blue arrow points from the text "VETTE" in the email above to this button. Below the search bar, there's a card for "Atrium Hotel Room" which includes a photo of the room, a "10% OFF BOOK DIRECT" badge, and a list of amenities: "Non-smoking • Free Newspaper • Hairdryer • Air conditioned • Bath • Iron/Ironing board • Alarm Clock • Shower over bath...". The card also states "Our Atrium hotel rooms have all the amenities to make for a luxurious Canberra stay. Designed for relaxation or work, Pavilion o..." and "More info". At the bottom of the card, it shows "VETTE - Special Rate" with two checkmarks: "Free cancellation!" and "Book now, pay later!". The price is listed as "AUD 696" for "Cost for 4 nights, 2 guests", with a "Select" button next to it.

August Car of the Month— Wayne & Sue Bennetts C6

Hello All

My name is Wayne Bennetts and my wife is Susan. We own a 2008 built, Jetstream Blue C6 Corvette. We joined the Corvette club in January 2022 after purchasing our car in November 2021 from a private buyer in Perth.

I had previously owned an HQ Holden Premier and a 1965 Mustang Fastback that I rebuilt over a number of years (both restomod style). Sue and I were members of Mustangs on the Move club for 10 years and have some great memories of those times, with the club meetings being at the Sporting Car Club of South Australia.

Some would say I jumped ship , others would say I saw the light when I purchased a corvette , but for me I love a whole range of cars , the manufacturer to me is irrelevant as long as it's a V8 , the more horsepower the better.

I had been interested in C5s and C6s for some time, mainly looking on the internet and car shows. I would drag Sue along to Corvettes Rock the Bay (a great event) each year. We found the club members easy to talk to and keen to have a chat and discuss the cars and the club.

I eventually settled on a C6 when one came up in Perth with 25,000 km on the clock. The car looked good in the photo's and matched my requirements with a few nice extra's. Following negotiations on the price, I travelled to Perth (when Covid was in full swing) for a look with a view to purchase. The deal was done and I drove the car to a mates place who was putting me up while I was in Perth. I then set about transport back to SA, and put the car in a container as these cars are too low for truck transport. On arrival in Adelaide the company rang me to ask if the car had reverse gear when it left the Perth depot because they could not get reverse when trying to get it out of the container. After some discussion I could drive the car home with no reverse with Sue following, in our other car. After checking with Mr Google, I spent the first night in the shed pulling apart the console and shifter to find the auto lever button had come adrift and not been reinstalled correctly. Presumably by the transport company as it was fine when I left it at the depot in Perth. Not the ideal way to start a dream car purchase, but that's the way it goes sometimes.

A few days later it was off to Lonsdale for rego inspection. As I had purchased the car registered in WA it was only an identity inspection required, check Vin and engine number etc. Some discussion followed when the inspector tried to tell me it would need to go over the pits. Further conversations with the supervisor saw the identity inspection take place and rego soon after. Finally on the road and loving it. I do miss the club rego though.

Haven't done much to the car as yet, apart from servicing, a mild to wild exhaust controller, a tow hook for the back of the car, with a front one to come. As we all know these cars are low and towing on to a flatbed would be a problem without a tow hook. My thinking being if I have the tow hooks I probably won't need them but if I don't have them ???

I love driving the Corvette and both Sue and I are enjoying the friendly club meetings and outings we have taken part in.

Sunny Hill Distillery & Wallaroo Marina Run 9/7/23

12 of us met at Bolivar OTR to start the journey. Others joined us along the way. We had 6 Corvettes, 1 Dodge Hellcat & 3 shopping trollies altogether.

The day started off wet but as we headed north, it started to dry out.

Taking the old Hwy, we cruised through Virginia, Two Wells, Mallala (picking up Neil & Christeen & Rob & Karen), Balaklava, Jimmy stop at Pt Wakefield at the old wharf reserve. From here, we drove up through Kulpara to the Sunny Hill Distillery, near Arthurton. We were met by Sam & Olivia, the owners & brewers. They gave us a tour & sampling of their produce. They make Gin, Vodka, Brandy, Liqueurs & Rum. After indulging, we continued to Wallaroo Marina via Kadina. Lunch was at the Coopers Ale House where we met up with Mick Hallett, Angelo & Lina.

Thanks to all those who weren't afraid to get their cars wet & joined us for a great day's run, sampling, good food & friendship.

Until next time; remember greasy side down, shiny side up!

Club dinner at the Cruising Yacht club North Haven.

Saturday July 1st saw the Corvette club attend the Cruising Yacht Club of SA at North Haven for dinner, hosted by Sean and Kirsty.

It was meant as a get together event as all things Corvette tend to go quiet in the middle of the wintery season. 34 people booked in, and despite some coughs and colds 30 people turned up.

It wasn't without a hiccup though, as some people who were relying on their GPS somehow ended up at the Sailmaster Tavern. The staff there very quickly sent them back in right direction.

A pleasant evening was had by all, and the food is always good at the Yacht Club. There was even some planning and scheming for some ladies club events, I hear.

We will try and organise another dinner at this location, perhaps in summer when you can sit outside and look over the line up of million-dollar yachts while you eat and drink.

Sean.
