JULY NEWSLETTER 2014

PRESIDENT'S REPORT

Hi All

At the Committee meeting this week I asked "Is there anything happening on the October long weekend?"

Because everyone has been that busy with the convention nothing has been organised. We have 150 members in OUR club and 50 are fairly regular at meetings and events (and that is great because it means that the rest of the members are subsidising those that attend particular events) but of the 150 there are about 15 that are very involved with the running of the club either on the committee or running club events such as dinners and runs, which is OK because that is normally how it works in any club. So if there is someone else out there that would like to organise something for the October long weekend please let me know and I will give you every assistance to make it happen.

Every meeting Dave asks for volunteers for dinners and runs and gives a run down of future events and gaps in our calendar and there are a few between now and Christmas. If you would like to do a run or a dinner and are not sure how to go about it get in touch with myself or Dave.

Speaking of Conventions WA is back in for 2018 and that means we can do it all again in 2020.

Happy Vetting

Donation to help others Shine

Those who attended the June General Meeting would already know that the Corvette Club was very pleased to be able to present Foundation Shine with a donation of \$10,000. On hand to collect the cheque were Bob and Sharon Middleton, Liam Connole and Margie Lenzi. After the cheque was gratefully accepted Sharon briefly explained that an assessment process would take place to ensure that the money was spent in the most effective way possible. The club is very proud to have been able to assist with such a worthy charity and looks forward to continuing to support Foundation Shine in the future. Bob, Sharon and Liam were also presented with trophies in recognition of their tremendous support during the National Corvette Convention. We can't wrap up the 26th National Corvette Convention without acknowledging the fantastic job that the members of the organising committee did. Thanks very much to you all, we really appreciate all of the time and energy that you put into delivering such a successful event. For their efforts they also received some well deserved trophies to keep as a memento.

Thanks to John, Rob, Laurie, Catherine, Neil and Bob (absent) for all your hard work!!!

Bob, Sharon and Liam receive their awards.

Specialising in C3 (1968-1982) Corvettes, we can do anything from routine maintenance to ground up restorations. This includes conversions to Right Hand Drive and reconversions on cars that do not meet current standards. We have a large inventory of new and used parts and panels in stock. Any parts that you require that are not in stock are normally 10-14 days away, as we place orders to America on a weekly basis.

Corvette Conversion Centre is pleased to announce that we have developed brackets to mount the RRS Rack and Pinion steering system to C3 Corvettes. This will be the perfect solution for poorly converted Corvettes or if you just want a more modern feeling steering system.

Big Dog's June Run

Sunday of the long weekend saw 13 Corvettes and one Mazette assemble at the Caltex Bolivar in sunshine and Struth brought the kids that they have adopted from over the ditch (did you know that if you adopt from over there they don't have to go into Quarantine). At 10am we were ready to go when John and Cathy turned up, lucky for them I hadn't finished my run brief, actually I was about to start it. We headed off amongst light holiday traffic up Port Wakefield Road and onto the Northern Expressway where the going was easy and we settled into a convoy up to the top of the Gawler Bypass and left to Tarlee where the lead Vette was slowed by a Ford and we ended up having to follow it to Tarlee. This is where we turned right to Kapunda then onto Eudunda where the run captain checked who was staying for lunch, actually it was an excuse for a quick stretch of my legs and as I passed down the row of idling Vettes there were a few red faces, it was as though they were hanging onto something! A quick comfort stop at Truro solved a few issues but of course there was one that couldn't wait for lunch so while he attended to more pressing matters he sent the short one through the traffic to the bakery, This pit stop would have to be the shortest in Corvette Club history, less than 15 minutes, we headed to the Barossa Valley, into Stockwell then Angaston, Eden Valley, Springton, Mount Pleasant and finally our lunch stop at the Williamstown Hotel. For those of us that stayed out of the bakery at Truro (which was everyone except Graham and Debbie) a cool drink was very welcome. Struth could not stay for lunch as they had to take the kids home, something about a big day but I think that they were far too young to be exposed to the Corvette Club in a feeding frenzy. Lunch was a civilised affair with everyone enjoying the meal and after Corvettes were lined up in front of the pub for a photo shoot. Because we had a whole 9km to get home we said our goodbyes and when we parked the Vette in the shed I noticed that we had covered a lazy 280km, not bad because everyone else had covered a whole lot more! It was a pleasant run through great countryside with minimum traffic and the beat of a 350, it doesn't get any better. Article by Rob McConnell

Ruth & Stuart couldn't stop for lunch as they had their own "Coco Pops". 5

Dinner Down South

15 Corvetters had a great night at the Southern Districts Workingmen's Club. Nice food, you could order from the Restaurant or indulge in the pleasure of stone grill - cooked to your liking. "Slip of the Tongue" (Live Band) played a good mix of music & plenty of people got up to dance. Many thanks go to Peter and Lynda McBride for organising yet another successful dinner.

Car of the Month

Rudy & Kay (Members 125 & 139) purchased this 1998 C5 Convertible last year. It's powered by a 5.7 litre LS1 engine coupled to an automatic transmission. This Corvette's exterior colour is Arctic White and it has black and red interior trim.

Options include a factory white convertible soft top and chrome wheels.

They describe this car as a shed find as it sat unregistered for approximately 2 years before they bought it. The previous owner purchased it in the States and drove it around the U.S.A. before bringing it back to Australia in 2006 at which time it was converted to right-hand drive.

Since owning the vehicle a number of improvements have been made including fitting drilled and slotted brake rotors with pads to match and adding a new performance air cleaner. The engine, transmission and diff have all had a full service as well. The seats have been re-trimmed and a lot of cleaning has taken place both inside and out of car. *"To bring the car up to this standard took a lot of hard work"*.

Rudy & Kay's favourite outings are Club runs, and driving with the convertible roof either up or down.

They also have another Corvette in their stable, it's a 1978 C3 Pace car which can be regularly seen on club runs.
