PRESIDENT'S REPORT

Hi All

This will be my last Presidents Report as I am not standing for President at our AGM in March, I have a total of 10 years as President and it is time for someone else to have a go.

We have a strong club with members that care about what we do and a Committee that listens to the membership and makes decisions accordingly, while we cant please everyone all the time I think that we get it right most of the time.

I have been fortunate to have had strong Committees and it has made my position easier as the quality of the people around me has not let me make decisions on my own, it has been a team effort and I thank every single person that has committed to our club and spent time on the committee.

I am confident that the next President, who ever they are will have the same support that I have enjoyed.

I will still be on the organising committee for our 2027 Nationals and 2027 is our 50th year as a club so we will have a double celebration, if you only go to one Nationals make it 2027 here in your home State it will be special.

I met a young lady the other day while on club business for our Nationals and during our meeting mentioned that Heartkids was the charity that we supported she then said that she knew about Heartkids as she was a heart kid and that her family had to take her to Melbourne for several operations, made us feel good to think that our little bit of a donation can help these kids to be able to get the help they need to grow up and flourish.

Corvettes Rock the Bay is done for another year, 102 corvettes in one place and we had a contingent from Victoria join us and it made for a special day. The big winner on the day was R4 with both his cars there, his C3 and his ICV - C36 that took out the Entrants Choice and Public Choice first place trophies, he confessed that it was the first time he had ever won a first place trophy, then he got the second one as well, couldn't get the smile of his face, a small reward for over 8,000 hours of work.

Congratulations to the McBrides and their dedicated team who make this happen every year, would have to be one of the best, if not the best annual Corvette show in the country, thankyou to all who showed their cars.

There is a rumour going around that the committee gets meals paid for by the club at our committee meetings, we wish, there are a few of us that have a meal at the venue before the meeting, that we pay for ourselves, to support the venue that allows us to meet there free of charge.

One thing that I must say is that if any member is unsure of anything that is happening at the club ask the President or a committee member and if they don't know they will get back to you, nothing worse than the ill-informed preaching incorrect information.

Thanks for putting up with me see you at the AGM.

Happy Vetting

Club Cruising

In this gripping episode, we will look at the following points of club cruises.

- The club has seen an increase in club members, and not surprisingly an increase in how many people attend a club cruise. Our club is very active and club outings form a big part of what we do.
- The meeting point access in, parking spaces available and access out needs to be able to support 25 - 30 cars.
- Maintain the speed limit throughout the run - slower cars regroup at catch up spot.
- Include a planned catch up stop in a quiet, low speed limit if required.

Keep moving - In the event of a car breakdown - one car to stop with them to assist, not the whole group. When I first joined the club, about 10 to 15 cars was a typical roll up. Now it's not unusual to have 25 or 30 cars on a run.

As an active club that takes pride in our outings, we need to pay attention to a couple of things as numbers increase.

For anyone organizing a club run, first things first – the meeting point. When we had 10 or so cars arriving we could meet up just about anywhere. Now we need to take into account access in, parking spaces available, and access out. A lot of take away joints have reduced parking spaces to allow 2 or 3 lanes of coffee drinkers, soccer mums and screaming kids to get their Sunday fix. Always scope out a prospective meeting area (by visiting it at the meeting time prior to the run) to allow for those things.

Next consideration is hitting the road, and this applies to everyone on the run. Getting 10 cars moving is fairly easy, getting 30 cars moving not so easy, it can be like herding cats. When the Corvette Caravan gets moving, then it needs to get moving. Try and be up to the speed limit (or close to) to stop the Corvette Caravan becoming a Corvette Chicane. Another change in the modern world is Maps and GPS, everyone's mobile phone will tell you how to get to the destination. Sunday mornings aren't as quiet as they used to be so we don't need 20 cars travelling well below the speed limit waiting for the last 5 or so cars to catch up – catch up they eventually will.

A catch up stop in a quiet, low speed limit, plenty of room area can work if its already been planned, 20 or 30 Corvettes suddenly stopping or slowing in a 100/110 kph zone is a recipe for disaster. If a car breaks down then 1 other car stopping with them is appropriate, not the whole group – keep moving. Tail end Charlies (usually in their Daily Driver) are normally tasked with this duty, particularly if the Corvette occupants end up needing to be DD occupants.

Recent attendees at the Ballarat Nationals cruise with 120 cars (including a planned catch up stop) showed that a well-planned and thought out cruise can go flawlessly taking into account the above points.

ALL AMERICAN DAY SUNDAY 18/2/2024

All American Day is an annual event organised by the American Drivers Club of Australia.

This year it was on Sunday 18th February at the Gleneagles Reserve, Seaton.

The Corvette Club had its big annual show the weekend before, the All American Day car show is not a club event, but is usually supported by Corvette members.

13 Corvettes and a dodgy Dodge assembled on that back road behind the reserve and then went in as a group, parking together. We had a Mustang on our row, but he is a Corvette Club member so we had to accept him under our Diversity policy. A few other Vettes showed up at different times. By lunch time most of the oval was full.

This show is a pretty casual affair, and we all just parked our butts under the trees as it was quite warm, and sat around talking car shit and philosophising about life in general.

There are quite a few photos uploaded onto the All American Day Car Show Adelaide Facebook site if anyone wants to see the Vettes and other cars in attendance.

Corvettes Rock the Bay Sunday 11/2/2024 Wigley Reserve Glenelg

This year's Corvettes Rock the Bay had a Mexican flavour to it with Mark Andre bringing a group of Victorians over for the weekend. 11 Vics arrived either Friday or Saturday so they were able to attend the club dinner I arranged at Watermark Hotel as a meet & greet night. We had 35 people turn up for the dinner.

Next morning it was an early start for some of us as we arrived to drop off various items ready for the eager group of helpers who turned up to set up marquees & mark out the car parking grid ready for the cars to arrive.

This year we had Shannons, Heart Kids, Classic Motor Studios (who brought down 3 classic Corvettes), Don's Woodcarving, Ian's "Sunglasses & More" & our Corvette Merchandise.

In total we had 102 Corvettes turned up for a great day with the Band "Rave On" entertaining us throughout the day. We had some very enthusiastic volunteers walking around selling Raffle Tickets for our club charity, Heart Kids. They raised \$700.

We had 7 trophies. 3 voted by the public, 3 voted by entrants & 1 chosen by our sponsors Shannons.

Thank you to our trophy sponsors who were:-

Golden Gem Birds, McConnell Services, Classic Motor Studios x 2, Gary & Cathy McPhee, Quantative Occupational Risk Management Services, Ian Gregor.

After the raffles were drawn & trophies presented there was a quick pack up as the temperature was rising. Then some of the volunteers & the Vics came back to our place for a few drinks & chit chat before they headed back to Victoria next morning. Mark, Betty, Jenny, Stuart & Jade stayed here on Monday, so we had dinner together at the Grand.

In summing up, Lyn & I would like to thank the guys who drove over from Victoria to support our club event. It is always great to catch up you. And MOST IMPORTANTLY we wish to thank the helpers who turn up at 7 am & those who stay back for the pack up, as without you guys it just wouldn't happen. So, a BIG THANK YOU!

We hope to see you all on the 2nd Sunday in February next year. Maybe we can increase the number of Corvettes beyond 102. Well done to everyone who participated.

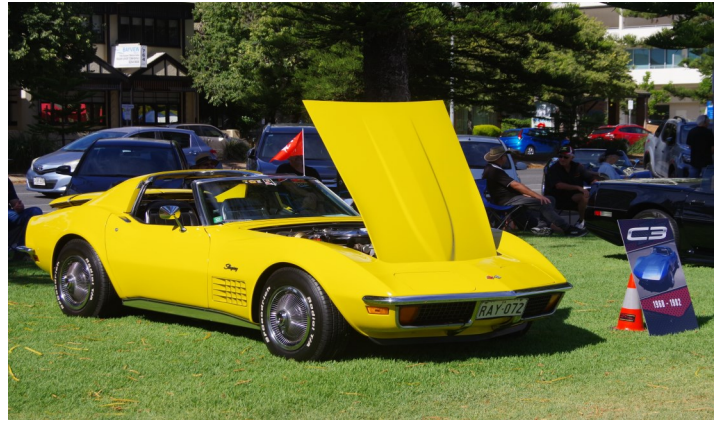

Checkout Horsepower Crew on their Facebook page for coverage of our show.

Thank you from Peter, Lynda, Catherine, Ruth & Stuart.

All discounted rates will be available to the Vette guests up until the 29th of February, subject to availability, and the preferred form of booking would be over the hotel website. For those members who plan to attend, **confirmation by 29 February, as well (email to lyndonandmichelle@hotmail.com)** so we can arrange appropriate venues.
