SEPTEMBER NEWSLETTER 2016

PRESIDENT'S REPORT

Hi Guys and Gals,

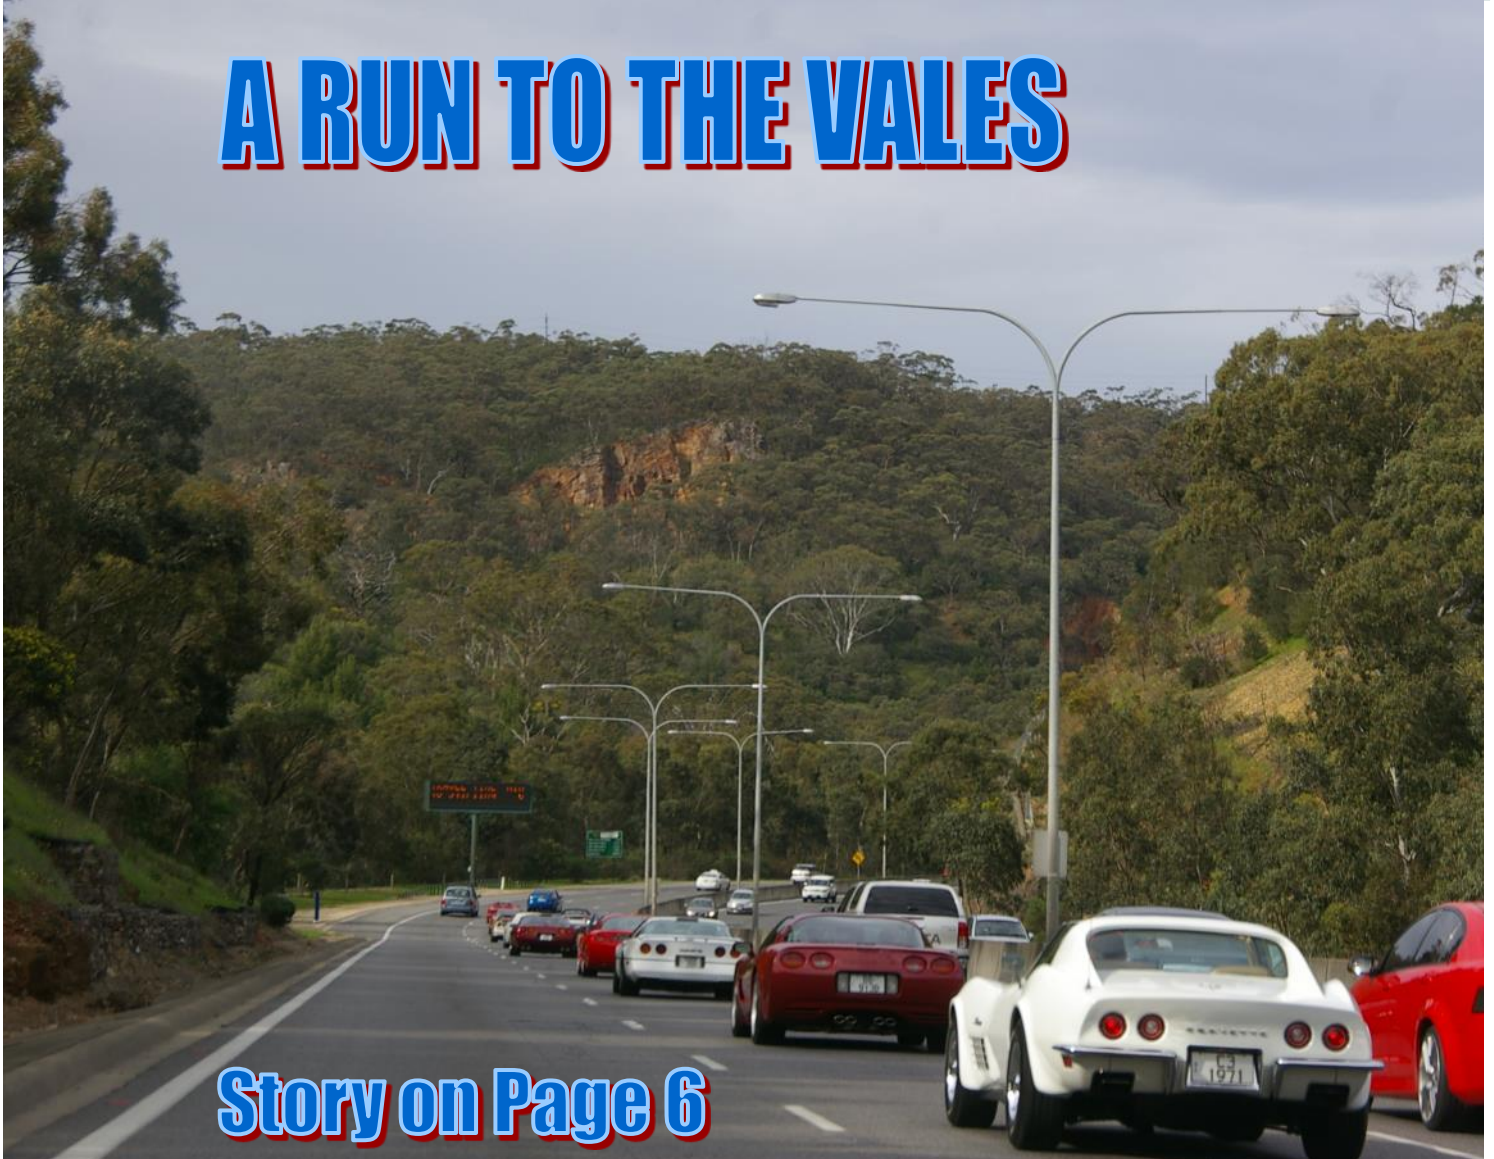

We are coming out of winter and we should be getting our cars all nice and ready for summer. So far there is a lot going on in the club that we would like you all to consider being part off, we have Pete and Lynda's magical mystery tour to Port Augusta and all points north which will be great like all of their productions. We have the Chevrolet Festival later in October which is the 40th Annual gathering of all things Chevrolet. Also we need to start thinking of our 40th birthday coming up next year. Please have a look at the calendar with Tony and if you have a favourite eating spot let us know.

"Be yourself; everyone else is already taken."

Donation to Blue Light

Club President Laurie Witts presents Sergeant Mick McNally of Barossa Community Programs Unit a cheque for \$1000 on behalf of the Corvette Club of South Australia.

This donation will go towards a Barossa Blue Light initiative to assist school age offenders to re-engage with the community.

The program aims to achieve this through involving students in the development of a race car (VX Commodore) which will not only help them to gain automotive skills but also give them an opportunity to reintegrate back into the community in a casual, non-confrontational atmosphere.

A MESSAGE FROM ROBERT & JULIE FREAK

To my dear Corvette club friends,

I was very pleased at how many members came to my celebration on Saturday 30th July to join with the other 241 people.

I was particularly thrilled to be reacquainted with Chris Wild & his Mum June, who was my first secretary at COPE a long time ago when Chris was a schoolboy.

I was so pleased that Lynda looked well.

When we get our own vehicle that can transport me in the passenger seat we will attend 1 of your dinners as we have many pleasant memories of the club's fun activities.

Now that we've sold the Prado, the Corvette sits in the carport just outside the big glass window in our back room so I can look at it every day, however it is time to let go of it so if you know anybody that could give it a new home please let us know. (there's a Harley too!)

Best wishes, Robert & Julie

A RUN TO THE VALES

We arrived a little before 9:30 a.m. to find a small group was already assembling. With a forecast of 19° and the sun shining, it seemed the gods looked favourably upon us. One member in shorts, voz asked if he owned a thermometer?

The idea I thought I had stated at the meeting was to meet after 9:30 for a 10:30 departure. That way I could finalise the numbers with the café for lunch, the booking for 20 had now escalated to 27 by my count.

We headed up the freeway in convoy, a Voodoo Blue C6 [Commodore 6.0 litre SS, the Corvette's not quite finished] followed by ten Corvettes, a Porsche 928S and a Nissan 300 ZX [convertible]. Leaving the freeway towards Strathalbyn via Callington, we picked up another Corvette in Littlehampton.

Morning tea was at the Corner Bakery in Strath, where a new owner of a 1984 Corvette had arranged to catch up, and meet some other owners. Didn't see him.

We headed off for McLaren Vale via Meadows and Old Willunga Hill, giving the McBrides a five minute head start to set up for a photo shoot [thanks Peter & Lynda, who left to meet up with their daughter]. We arrived at Carmel's Bar & Grill at McLaren Vale, filling a whole row across the middle of the restaurant.

New members Allan & Jan (Black '76 C3) and Graham & Debbie Johns met us there, and all seemed fine. Then Graham Smith & Jenny came in a bit later [turns out Serge (the new owner) had found them in Strath and kept them talking, hence their delay] – uh -oh we're one seat short, quick adjustment, problem solved. It took a while for the food for 28 to arrive (mostly at the same time – sorry Dave, but it did come eventually), giving the group plenty of time to chat. A visitor bobbed in (Tom Stanef – obviously with out precious. Few clouds seen over SA in morning) with his partner, having seen the Vettes go by.

The feedback from those on the run was that they enjoyed; the good roads, the great scenery, the great food (ample serves) and the good company.

Thanks to all who turned up making a great run, from Faye & Tony.

Custom & Classic Car Show

On Sunday the 7th August 2016, the Custom & Classic Car Show was held at Dueck GM on Marine, Vancouver BC. This show was collecting donations for the Canadian Special Olympic Team.

The show had about 180 cars attend ranging from a Model A Ford to C7 Corvettes, Hot rods to Rat rods.

Included in the show room was a 40th Anniversary Corvette that is a trailer queen with only 1000km on the clock. When it was received with 30km on the clock, it was fully disassembled and detailed. Now goes to shows to compete.

Feature Car: Freshly restored, matching numbers Black 1976 Corvette

An eye-catching car was Jim & Louise Tennant's 1976 Corvette. Talking to the owners there is a bit of a story on how the car got to its first show. The car was originally sold in Dueck on Broadway, Vancouver in 1976. The original owner wanted a black on black car, but in 1976 the only option for a black interior was with the silver exterior finish. So the car was delivered in silver and immediately sent to the paint shop to go black.

Jim became the second owner of this car about 35 years ago and he used it as a daily runner back and forth from work. After about 5 years life got busy with mortgages, family and other commitments and the car was also in need of restoration. So the decision was made to park it up at his mother's garage until the time came to restore the car.

Sadly Jim's mother passed recently and in it came time to move the car out of the garage. There was no doubt in Jim and Louise's mind that this was the time to give the Vette a birthday and have a full restoration. The car was in good condition for the number of years it sat not running. The focus for Jim and Louise was to keep the car as original as possible with no after-market mods, so every detail was accounted for in the restoration to ensure what was replaced was replaced like for like.

Both Jim and Louise love driving this car. They have no intention of it sitting pretty in the garage. They like driving it and want to drive it.

Thanks to roving reporter Lachlan Falconer for this article and photos.

LOOKING FOR A 4WD ADVENTURE?

Below is an overview of a trip that Rob Butler is proposing:

I have been thinking for a while now of organizing a week or two camping & 4WD trip to the far north of SA for the members who have 4WD vehicles (and it seems there are quite a few).

I am thinking either around April or October 2017

I have 4WD & bush driving experience both as a pastime and as an occupation dating back to the 70's including many difficult trips with the Landcruiser Club so I am happy to put an itinerary together and organise it if there is any interest.

I imagine numbers would be limited to around 10 vehicles.

The degree of roads & tracks I am planning on are not rated as difficult and I imagine a standard 4WD with high & low range would be fine .

Interested in going?
Please contact Rob for further details on 0409 857 722 or email him at butler@senet.com.au

Parting Shots

Seems our President has been frequenting some shady establishments recently. Here is a photo he took of one of the locals pole-dancing!!!

LAURIE'S LAST LAUGH

Rudy and Son

A photographer from a well-known national magazine was assigned to cover the recent fires. When the photographer arrived, he realized that the smoke was so thick that it would make it impossible to photograph anything from ground level.

He requested permission to rent a plane and take photos from the air and was told to report to a nearby airport, where a single engine plane would be waiting for him.

When he arrived at the airport a plane was warming up near the gate. He jumped in with his bag and shouted, "Let's go!" The pilot swung the plane into the wind, and within minutes they were in the air.

The photographer said, "Fly over the park and make two or three low passes so I can take some pictures - I need some close-up shots."

The pilot was silent for a moment; finally he stammered, "So, you're telling me you're not the flight instructor?"
