GREENOCK CHALLENGE We met at Bunnings Parafield and there were about 8 cars when we got there so let the fun begin. I asked where the run captain was and Rob was on his way. When a drivers meeting was called we had 23 cars in total and we were given verbal directions and I must have misplaced my run map but never mind it's not that hard because us males do not need maps do they Rob. The run took us up and over towards Golden Grove, One Tree Hill, Kersbrook and a coffee stop at Mt Pleasant. After the rest break we then set off to Williamstown, Sedan, Angaston then Tanunda, Seppeltsfield and then Greenock pub. Still cannot find my map maybe it's in the mail but the directions were different to the actual run so we did not do our usual U-turn or whatever. Meal and club members were great will have to go back to that eating establishment again as service and food was very good. Thanks Rob, now where is my map? Article by Anonymous (Anonymous.....maybe that's a sub-species of the Marsupial family?)

Goof and Mel's Kegel Night

Goof's dinner was a Kegel night at Tanunda. Which was totally different & 21 of us turned up to find out what Kegel was. Now Kegel is German bowls, bowling a wooden bowl down an uneven lane at 9 pins & the scoring is totally German to me. Some of us missed the intro to the rules & origins of the game as our party had already started, but that's another story. The Tanunda Kegel Club was established in 1858 & is the only 9 pin alley in Australia. The Corvette committee made this an even bigger plus by covering the total cost of hire & dinner for the participants.

A brilliant time was had all, a big thankyou to Goof & Mel for a great night.

P.S. You don't have to understand the rules to win, I proved that, as I said it's all German to me. Article by Peter McBride

October Long Weekend

Well the October long weekend has come and gone already, 4 days can go quick when you're not at work!

I started organising in January, thinking I had all the time in the world, but October came up pretty fast. I selected Victor Harbor because its close to Adelaide, and it is geared up for tourists, there are plenty of options for eating, sleeping and cruising. I didn't realise that the Harley owners group had also decided Victor was a good location for a national convention and I was lucky to find a motel that had 15 rooms.

Anyway the rooms were booked up pretty fast and a few others who were determined to go found rooms elsewhere.

Friday started with the 'Black Bitch' getting up to her usual antics for a club run, once she realised it was going to be unusually hot for October she refused to turn on the main cooling fan. I managed to coax her thru Adelaide's unrivalled collection of red traffic lights and once I popped out the other side it was full steam (literally) ahead! My first good decision of the weekend was to get Kirsty to bring the Commodore wagon.

A big crowd was at the Apollon Motel carpark on our arrival and 17 Corvettes started the weekend. Owner Maxine and her husband put on the 2 course dinner for the club in the dining room just for us, and a good evening was had with everyone catching up and a few drinks and exaggerated stories being enjoyed.

Saturday morning started with the compulsory drivers briefing at 1000 hours sharp (well it may have been a bit later but who cares!) Jim & Catherine had bought the walkie talkies, and Kirsty had prepared a colour Itinerary with maps attached, what could go wrong? The run out to Parson beach started with the compulsory club U-turn, don't you just hate it when the council put raised concrete islands in to stop right hand turns! But with AJ (Eagle 1) & Julie bringing up the rear with radio 1 and Me (Red Leader) & Kirsty up front with radio 2 we proved that cats can indeed be herded!

We drove out to Parsons beach and then Waitpinga beach where everyone enjoyed some picture taking and dipping of feet in the water. I did notice that Pete had some very substantial footwear on for this occasion!

After a quick trip to Middleton and AJ & Julie being kept on their toes rounding up some stragglers and the occasional mechanical hiccup everyone somehow ended up at the Goolwa Aquatic Club on time for lunch, you can always rely on food to be a great motivating factor.

After a tasty lunch with very nice views across the water, we headed to the Goolwa Motor Museum while others headed back to watch the AFL grand final. You could tell the guy who runs it is a retired used car salesman, it was \$8 entry but if you gave him a \$10 note you didn't get any change!

After the museum it was back to the motel, it was time to see what was wrong with the fan. It started with me and Jim having a look at the usual things and grew into a festive occasion, quite a few heads under the hood, and the ladies enjoying cheese and crackers and the odd drink or two. Larry decided to call the RAA for support, but the roadside technician wasn't fooled that it was his car, not that he seemed to care, offering up a solution before leaving. Dave Daw's electrical expertise was utilised and with the motel owner joining in the festivities and coming back from his workshop with a roll of electrical wire and a switch in exchange for a cold beer, a fan switch was quickly fitted to the interior of the car and hung over the gear shift. Take that Black Bitch!

Saturday night dinner was at the Crown Hotel, so after a pleasant stroll from the Motel another enjoyable evening was had. We had told all the exaggerated stories on Friday night so had to tell all the embellished stories on Saturday night. I noticed that at one stage someone had their Db meter reading app on and were registering over 120 decibels in laughter coming from one table. Not even methanol sprintcar engines are allowed to be that loud!

Sunday began with the compulsory drivers briefing at 1000 hours and a promise of no U turns. Anyway after AJ had rounded up the cars that drove off into backstreets, we were on our way to Mt Jagged wines. 22 Corvettes were parked on the lawned area as everyone enjoyed some platters and wine and the impressive views from Mt Jagged.

After a group photo and stocking up on wine, we were off via Mt Compass, Nangkita, Currency Creek and into the back of Middleton after 22 corvettes endured the embarrassment of being road raged by a Magna. A pleasant lunch was had at the Middleton Tavern.

After lunch it was back to the Motel, and time for the obligatory Granite Island walk (to get rid of some of the calories), with the usual photo shoots.

Then, speaking of shoots, it was time for the annual Sean v Kirsty shootout at the sideshows. After paying our money and being cheered on by a small crowd, the occasion must have been too much and we both missed our first shots. After that those ducks were shown no mercy with all shots after being kill shots. Kirsty claiming to be the winner by one, how can it be, I didn't miss any shots after the first one? Then I realised, the one toothed carnie had worked out what was going on and slipped her an extra slug, sisters were doing it for themselves, but we both got a stuffed toy to take home to the dogs, I called it a draw!

Sunday night dinner was at the Hotel Victor, they had set up a separate area just for us and the 3 course set menu was very nice. Again a very nice evening, we had gone through the exaggerated stories on Friday night, embellished stories on Saturday night, so it was time for some flat out bullshit stories on Sunday night, but judging by the laughter everyone was enjoying every minute of it.

Monday morning came and it was time for brunch at Rockview Cafe, Glacier Rock, after checking out of the Apollon Motel. Then it was time for everyone to drift off, with Angus coming from Whyalla, and the JELLESMA's and GUTHRIE's coming from the South East having the furthest to travel. I know that Steve came from Darwin, but he did get to fly.

We would like to thank everyone who came and enjoyed themselves and made it a great weekend. It is a testament to the great bunch of people that make up this club. Pete and Lynda gave us a small gift on behalf of everyone and thanks for that, it was a lovely thought. Every venue that we went to was great too, we had no issues and the food was pretty good. We strolled from place to place with 30 or 40 plus people each day and nothing went wrong.

Maybe we can go to Victor again next October and just change some venues to keep it fresh?

Pam's Friday Night Treat

Friday 21/8/15

Pam arranged the club's Friday night dinner at the Birkenhead Hotel at the Port. 31 people came along & enjoyed the night, mind you all you could hear was Pam & Karen McConnell laughing their heads off (methinks this was at Rob's expense).

Anyway the food was very good as was the company. Typical of our club having so much of a good time that some of us left at about closing time, as the time just flew by. Article by Peter McBride

Grease and Gawk Day

Again a big thankyou to Nathan from 'The Engine Bay', for opening his workshop for our annual peek under our cars. Due to the Bay to Birdwood the numbers were down, but that probably wasn't a bad thing as Goof was hungry, and beware anyone who got between Goof & the BBQ. As the cars went up onto the hoist Neil started feeling a bit out of it with all the clean & polished & blinged undercarriages, so after finding a can of black BBQ paint his vette got a quick & I mean A QUICK coat of flat black to the exhaust pipes. Looked good, particularly when back on the ground. The car of the day went to David & Rachel who had just got their C3 through

Regency & registered. This is one absolutely schmick looking car, top, under, inside, very well detailed, and he proudly told us "It is a driver". Looking forward to seeing you guys on some runs.

Thanks to Dave for arranging & cooking the BBQ & Larry for his jokes.

ADELAIDE SHOWGROUNDS

28th National Corvette Convention Bendigo Easter Festival

Proudly brought to you by Vic Vettes and Corvettes of Melbourne

Planning to go to the Convention in Bendigo next year?
Why not join one of the road trips below.

Road Trip Option 1 (2 days with overnight stop)

The aim is to be able to arrive in Bendigo mid morning on Easter Friday in time to register and have plenty of time to prepare your Corvette for the Show & Shine and street parade the following day.

- Thursday 24th March - Adelaide to St Arnaud (530km)
- Friday 25th March - St Arnaud to Bendigo (110km)

In order to book sufficient accommodation early together and for those who are interested to travel to Bendigo as a group, with an overnight stop in St Arnaud, please advise John Randell at dellter@adam.com.au or on 0428 394 710 before the 31st October 2015.

We will endeavour to meet requests after this date (but may not be in the same establishment) however own arrangements will be necessary as the time gets closer. The return trip to Adelaide will be at your own discretion.

Road Trip Option 2 (1 day straight through)

This will be a direct trip to Bendigo on Wednesday travelling through Mildura. An underground mine tour is planned for Thursday for anyone who would like to join in.

- Wednesday 23rd March - Adelaide to Bendigo (via Mildura)

If you are interested in this option please contact Neil Bailey at ncbailey1@dodo.com.au or on 0407 726 546.

HELP UNEARTH HISTORY I am researching the club's history with the view to writing it all into a book.

I am looking for newsletters from 1995, 1996, 2009 & 2010 or any photographs from the club during those years.

Historic Registration

Due to changes in Conditional Registration by the Department of Planning, Transport and Infrastructure (DPTI) as of 1 July 2012 log books will only be signed at the club meetings on **Wednesday 4th November** and **Wednesday 2nd December** this year.

Before log books can be signed owners must present the following:

1. Receipt of payment of club subs for next year's membership (the 2016 calendar year)
2. Vehicle for inspection if a new log book is required.
3. Current registration papers.
4. Certificate of Exemption issued by DPTI for left hand drive vehicles.

5. Statutory Declaration required every year at log book signing. Statutory Declaration must declare vehicle eligibility to be on the scheme and detail any modifications that have been made to the vehicle since it was last inspected, if no modifications have been made then the Statutory Declaration must state this.

LOG BOOKS WILL NOT BE SIGNED UNLESS ALL APPROPRIATE DOCUMENTS ARE PRODUCED

Log books must be signed before 31st December 2015 for vehicles to be able to continue to be legally driven on the road, if your log book isn't signed by this date then you will be illegally driving an unregistered vehicle.

Inspections and issue of new log books are required every 3 years. **Vehicle inspections are available between 7:00pm and 8:00pm on the dates shown above.**

If your log book is not signed, notify club registrar with the reason why (eg, car off road for repairs) before the 31st December 2015.

If your membership has not been renewed and the log book signed before the 31st December DPTI will be notified and the Conditional Registration for your vehicle will be cancelled by the department.

It is a requirement under the new code that the club notifies the department as a condition of maintaining our recognition status for the purposes of the scheme.

Reminder: All members are reminded that full payment of membership fees are to be received by 31st December.
