

# Corvettes Rock the Bay 2021

## Wigley Reserve, Glenelg, Sunday 14<sup>th</sup> February

Well, Covid seemed to upset many things, including Car Shows.

We saw many clubs pull out & decide to cancel their shows.

But.....we decided to go against the grain & continue with our plans.

Holdfast Bay Council event staff were very helpful in answering all of our questions & offered additional assistance if required. After many months of planning & completing Government Covid Regulation forms we were given authority to proceed.

We still had our stalls, coffee, merchandise, Heart Kids charity & live band "Rave On" to entertain the crowd.

Nice sunny day, 85 Corvettes glistening in the sun. It doesn't get any better!

With Glenelg holding a live concert on the beach that evening, this brought additional spectators browsing amongst the Corvettes.

Ross & R4 brought down their project cars to show people how inventive & committed some guys are about Corvettes.

A lack of car shows meant we had additional interest from the public leading to a lot of public voting for what they deemed to be the best Corvette on show. Pre-registered entrants also had their chance to vote for their favourite Corvette.

Many Thanks to John Randell who once again organised our unique trophies.

We wish to thank all of our **sponsors** for the day:-

Federation of Historic Motoring Clubs, Shannons, Larry Finis from Ray White West Lakes, Orange Spot Bakery, Gary & Cathy McPhee in honour of Sean Baker & McConnell Services.

At the conclusion of the day we reflected back on the amount of work involved to make it happen. After seeing the response from both the public & entrants we had no hesitation in declaring it was well worth the effort. With a bit of enthusiasm & planning, anything is possible.

A big thank you goes out to all the helpers who assisted with the set up, pull down, manning of the stalls & performing Covid Marshal duties.

Until next year:- Cheers from the Corvettes Rock the Bay Team
